# Reading Instruction Techniques: Advancing Learning in All Subject Areas

## Online Professional Development Course

This interactive online course is one option for teachers across the curriculum spectrum to demonstrate evidence of reading instruction techniques. Based on research, this course introduces teachers to sound reading instructional practices applicable to all content areas and grades.

Reading specialist, speaker and trainer Sue Klund covers topics including:

- Reading research
- Learning research
- Student reading ranges
- Cloze system
- Instructional strategies

Includes blank forms that can be downloaded for use in your teaching. Plus, classroom activities are offered for any teacher wishing to apply the course material in their practice.

Reading Instruction Techniques Professional Learning Board

Section 2 - Reading Research

### Me? A reading teacher?

While experts in our content area, we may not be familiar with current reading research and improvement strategies. With new state and national legislation, teachers in all content areas need to know how students learn reading.

1. Ask yourself ...  
Please suggest why it is necessary for all teachers to understand reading practices.
2. Type your response in the text box below ...
3. Then click this button to compare your answer: **COMPARE**
